

CONCEPT FOR SHOWING INCREASE IN CHURCH GROWTH

SENDAULA BRIAN, 14/U/24011/EVE, 214023415

20/05/2016

1 Background to the problem

According to Shashank Bengali (2006), Pentecostal (Evangelical) Christianity is flourishing in Uganda, leading a boom across Africa that is attracting millions of converts each year and changing the social and political landscape of the world's poorest continent. Uganda being a country of religious freedom for all, accomodates several religious groups such as; Islam, Christianity, Buddhism among others. This report aims at showing the trends in Christianity in Uganda using narrowed approach and scope to look at the number of churches established during a perion of two decades so as to provide a means of estimating how the effect of Christianity on the peope of Uganda.

2 Problem statement

It has been noticed that there are so many churches cropping up in the recent years in the nation of Uganda but yet, there is no measure to help us prepare for the future as we do not have a way to study and therefore analyse the growth of christianity in the nation. this study aims at giving a way this can be done to a good extent.

3 General Objective

To do a study and come up with a report that shows the ratio of General Population size to Christian Population in selected regions.

4 Specific objectives

1. To collect data from four different villages 2. To analyse the data to come up with a pattern and way to statistically compare the information 3. Present a report on the findings with illustrative content.

5 Scope

This research shall be limited to the regions of Kisasi II, Kulambiro, Komamboga and Kanyanya Kitambuza. Technically, the study findings shall be from Local council offices as well as field research by the student.

6 Significance

This study shall give information necessary to comprehensively giving knowledge about the impact of Christianity as a religion on local groups in the country.

7 Methodology

The researcher shall employ the use of data collection tools such as the ODK environment to take down notes from the documents reviewed and he shall also use paper questionnaires to carry out a guided question and answer investigation.
